
Pennant Selection

Harassment and individual approaches to match committee members (both male and female) has become a real problem. It has been made clear on many occasions that bowlers are NOT to take their grievances out on members of these committees but to follow a procedure which may end up meaning attending a meeting of the full match committee. Match committee members are bowlers and individuals like the rest of us and should be able to come into the club for a game of bowls like the rest of us without being 'fronted' every time they make an appearance. Most of our pennant players were more than happy to let someone else stand for election and vote them into position so let them do their job. If you have a particular issue, follow the proper procedure. Assuming everyone on the match committee is an idiot and you are the only one who knows how selections should be done may make you feel better but does nothing for the atmosphere around the club when you tell anyone who is silly enough to stand still long enough to listen to you.

The correct and only approach is to make an appointment to see the selection panel at their next meeting to raise your issue.

The selection committees convene on Wednesdays 4:00pm for midweek and 8:00pm for Saturday pennant.

Selection Objectives

1. To give every player who commits for the season as many games as possible
2. To develop players for the future, as well as looking for success this season
3. To field competitive teams in all divisions and consolidate/gain promotion wherever possible
4. To treat all bowlers with fairness and without discrimination

The above is based on: Player performance
 Team compatibility

Proper balance of teams to achieve No 3 above
